

WASPS - The last year.....

June 2007

Three exercises

- W06/06
- W10/06
- W01/07

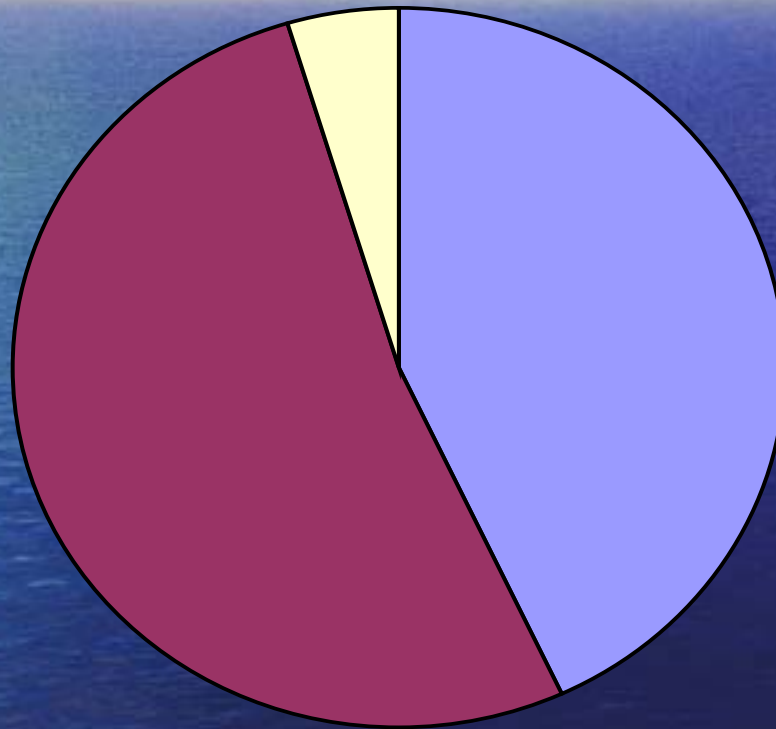

W06/06

- Anti-Fy^a v Fy(a+b+) cells
- Should have been 9 positive reactions
- 6 missed incompatibilities
- A very successful exercise for (nearly) all concerned (99.8%)

W10/06

- 4 anti-D's v 3 R₁r
- All tubes should have been positive
- Overall : the 4 x Anti-D detected in 98.5% (74 tubes missed)
- Anti-D (Serum 1) detected in 95.1% (59 tubes missed)

W10/06: Missed Incompatibilities by Technique

■ Diamed ■ Biovue ■ Tube

June 2007

W10/06

- 12/33 labs deemed unsatisfactory
- 9/25 Diamed Labs
- 2/6 Biovue
- 1/2 LISS/AGT

One Identified problem....

- Cells provided in Modified Alsevers
- NOT ready for use

W01/07

- 2 Anti-D's v 2 x R₁r cells
- Should have been 4 positive reactions.
- 10 missed incompatibilities (3 labs)
- Back-up technique

Back-up techniques.....

- Difficulties for us.....
- Back-up exercise as a 'one-off'
- When?

WASPS Websites

- Summary Reports
- All Documentation
- Record of Performance Certificate
- All presentations

Audits

- CPA - 2 days in Sept 2006

'A very well run scheme driven by enthusiastic & well trained individuals. The scheme is appreciated by participants'

- BSI – 1 morning in May 2007

The Future.....

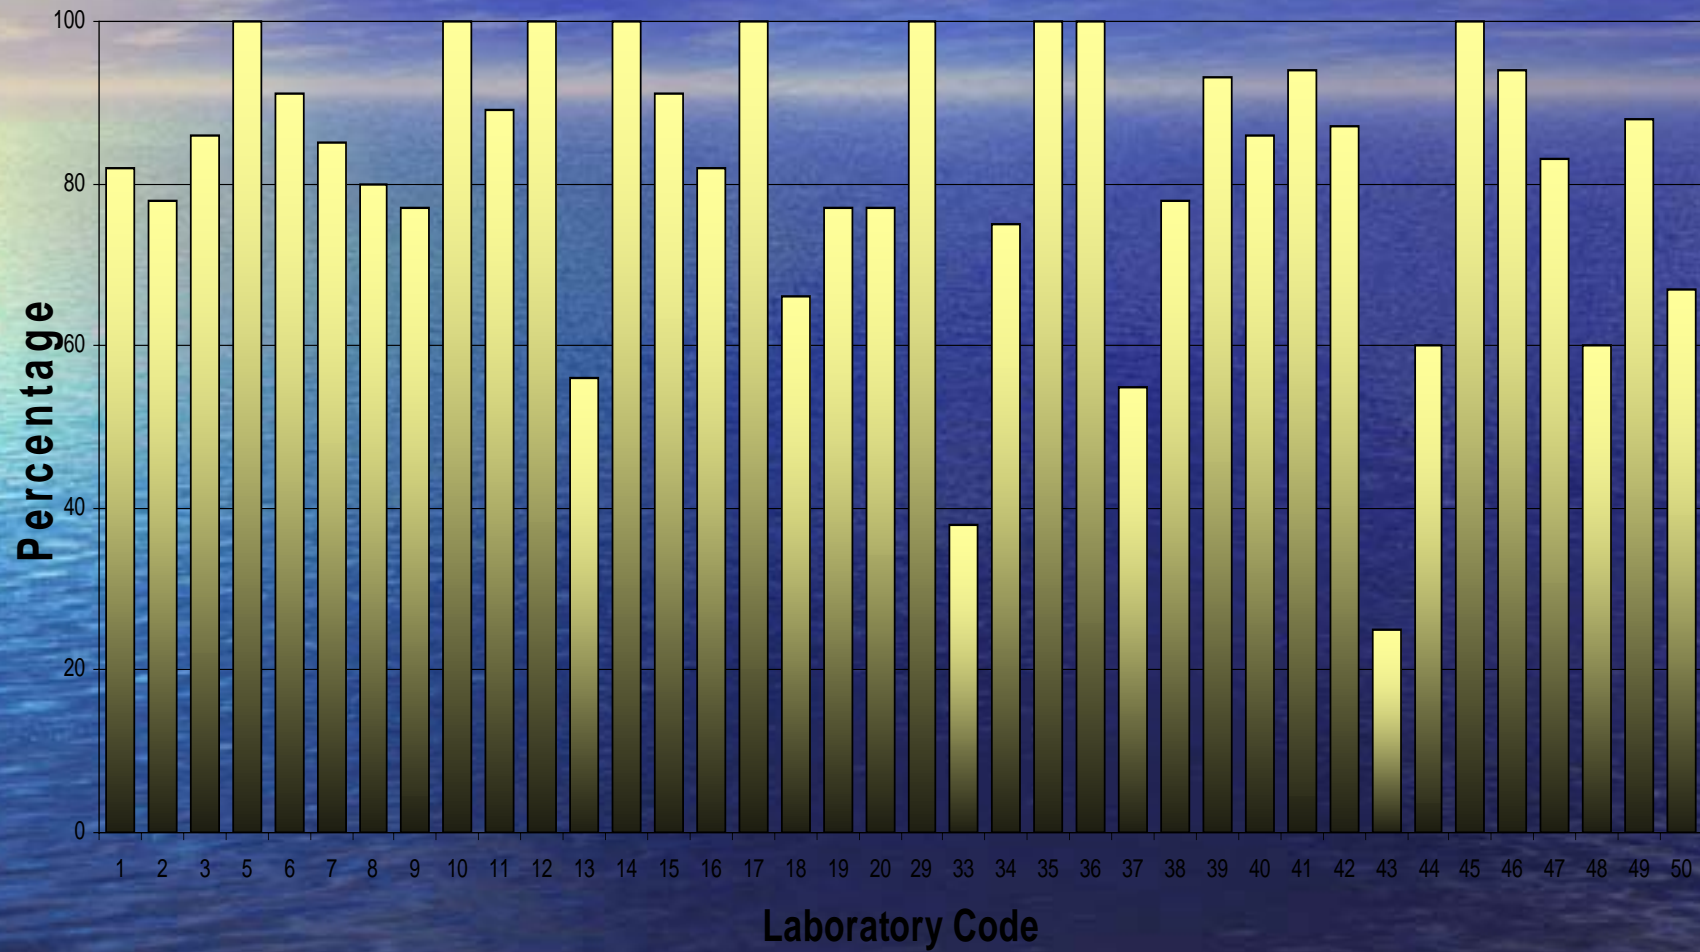

- Automated Crossmatching
- Backup techniques

Participation Rates

- Graphs

June 2007

6. LABORATORY PARTICIPATION RATES

June 2007

Freedom of Information Act

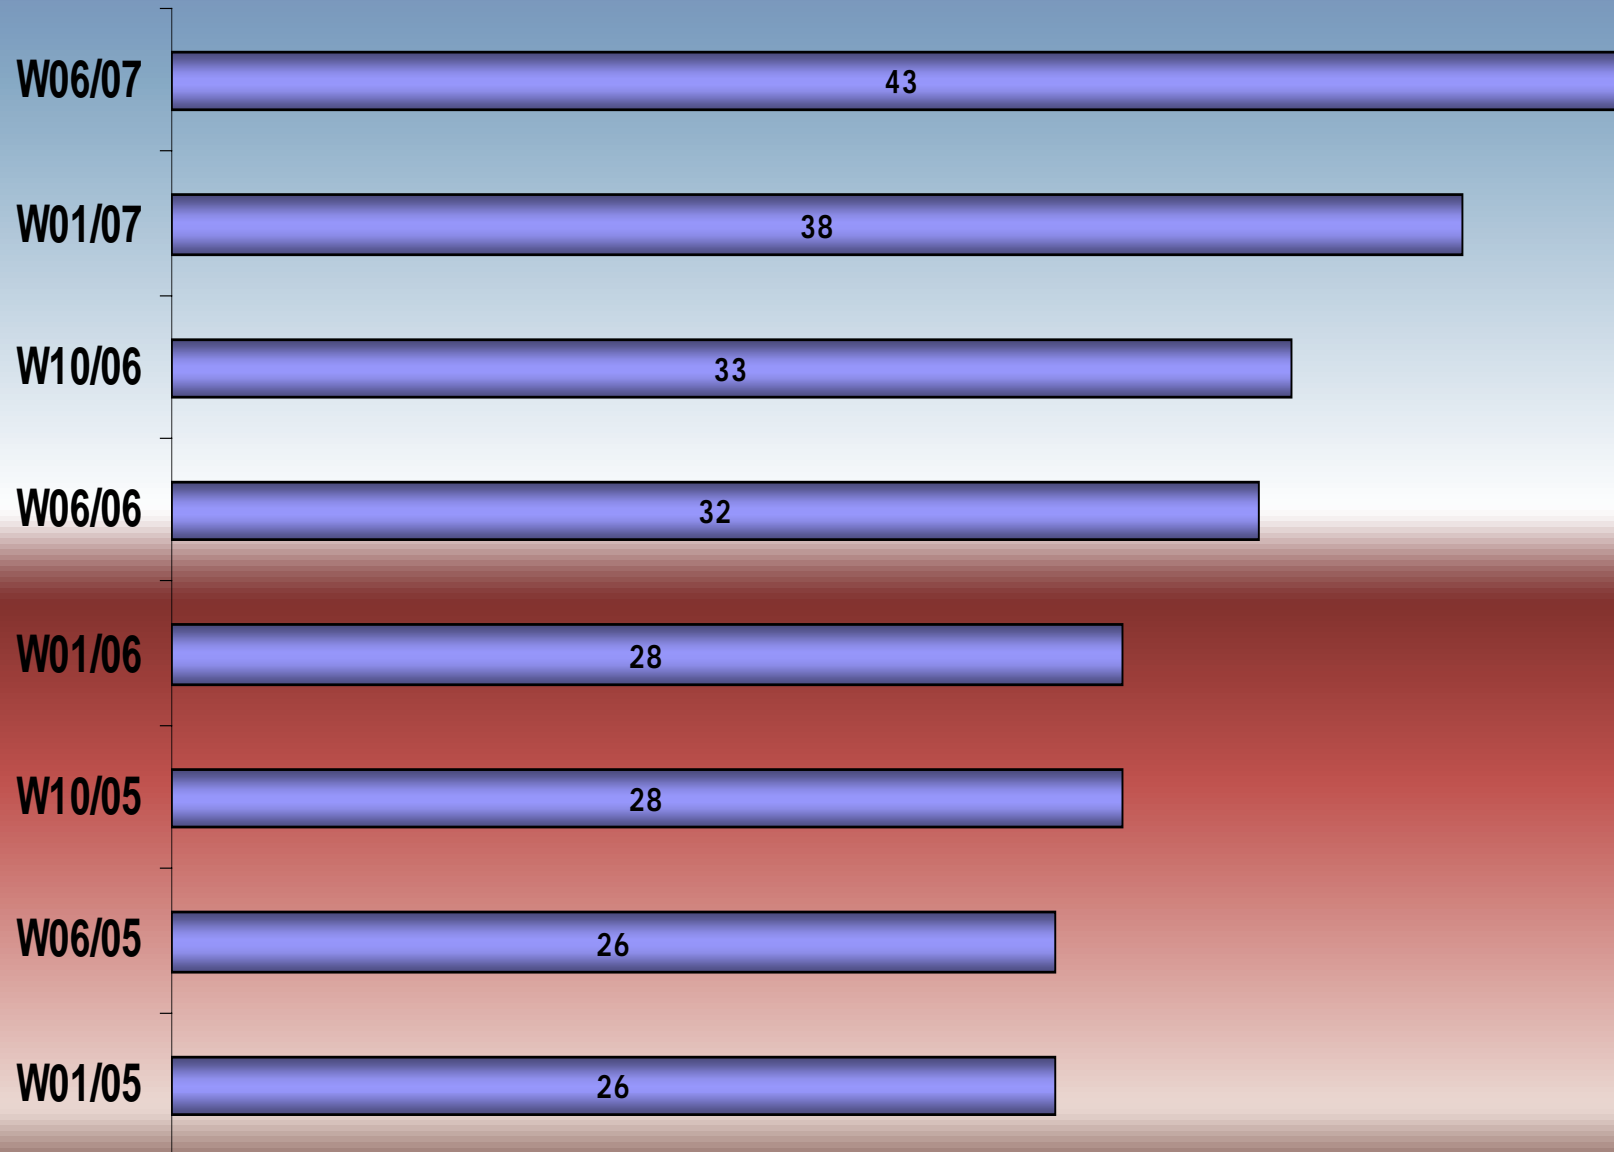

- WASPS is not classed as a public authority in its own right therefore may be exempt from FOI Act.
- WASPS will establish a guidance note stating that in the event of an FOI request, Information Governance Leads for each Trust/Hospital/Division would collectively discuss the FOI request and decide together, what information could/couldn't be provided.
- Exemptions that can be used to protect information either under the Data Protection Act or for other confidential reasons e.g. hospital codes are anonymised

Record of Performance

- CPD
- KSF
- HPC

June 2007

WASPS Laboratory Participation

International News

- World Blood Donor Day (website)
- Treating patients like Jehovah's Witnesses could save lives: experts say
- WHO Collaborating Centre for Patient Safety releases 9 life-saving patient safety solutions

Australia

- Red Cross goes to diskless notebooks for mobile clinics
- NBA releases request for tender for standing offer for diagnostic reagents

Wales

- Report on WASP (Welsh Assessment of Serological Proficiency Scheme)

A photograph of a sunset over the ocean. The sky is a deep blue with wispy white clouds. The sun is low on the horizon, creating a bright, colorful reflection on the water's surface. The text "THE END" is centered in the middle of the image in a white, bold, sans-serif font with a black outline.

THE END

June 2007
